## **Network9 Named to 2010 Fast 50**

**For the 2<sup>nd</sup> consecutive year, Network9, LLC is named to the Fast Fifty as one of Central Ohio's fastest-growing private companies.**

**COLUMBUS, OHIO; October 20, 2010 -- Network9, LLC**, an award-winning network infrastructure and cable installation company, was recognized in the 15th Annual Fast 50 Awards program presented by Columbus Business First. The awards luncheon, held today, featured an exciting countdown of Central Ohio's fifty fastest-growing private companies during which Network9 was announced as the 41st fastest-growing privately held company in Central Ohio.

Although 2009 was a challenging year for many businesses, especially those in the construction related industry, Network9 continued to produce top line revenue growth. "Despite the economic downturn, Network9 forged ahead to strengthen relationships with existing clients, suppliers, and partners in order to offer the industry's highest quality infrastructure solutions," said Gilbert Wilson, Director of Business Development. "Our consistent growth would not be possible without our incredibly loyal enterprise customers and our outstanding team of engineers, managers, and installation crews. Their dedication, teamwork and professionalism strive to exceed our customer expectations on every installation."

### **About the Business First of Columbus Fast Fifty:**

GBQ Partners calculated and verified average sales growth percentages from tax forms of nominated privately owned companies for the most recent three years ending 2009. The Business First of Columbus 2010 Fast Fifty sponsors include; Bricker & Eckler, First Merit Bank, GBQ Partners, Hylant Group, and Time Warner Cable Business Class.
